The amendment received 7/15/05 has been entered. Priority is granted to 3/27/2000. The amended title and abstract are acceptable.

In view of the amendments to the claims and arguments presented, all previous rejections are hereby withdrawn.

A new search reveals the references of record do not teach or fairly suggest the compound of claims 1 and 2 in a method for promoting a skin basement membrane formation in a subject.

Newly submitted claims 7-23 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

The new claims include inhibitors from plants which are a distinct invention from the claims as originally filed. And the new claims are different in scope from the original claims and raise a number of new issues as presented.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 7-23 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Amano (Exp Cell Res) teaches degradation of basement membrane formation.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
